### Rheumatism Cannot Be Cured Unless Uric-O is Used

Sudden Deathe, 'Heart Failure and Paralysis Are Caused by Poisonous Uric and Rheumatic Acids.

The Rheumatic person is skeptical regarding the claims of almost any remedy advertised as a cure for Rheumatism and one can scarcely blame alm for being so. All the plasters and may relieve it in one quarter but it is sure to break out somewhere else. The only true way to cure Rheumatism is to drive it from the system, for as long as the Uric and Rhaumatic Acid remains in the blood, one is never entire ly free from the trouble. Urle-O seelout the Rheumatic poleon in the blood muscles and kidneys, renders it here and harmless, and drives it out of the system. It is composed of perfect antidotes for the rheumstic acid poison in the system, and the secret or its wonderful success lies in the fact that it is designed to cure Rheumstism only.

Understood Better Each Day The most successful business man is the one who knows every detail of his susiness and does not depend upon a pull for his success. Each day this is better understood. In no business is a detailed knowledge more essential than in the Building Trade. If you want an estimate on any work in my line, I'll be pleased to give you the benefit of my many years experience.
